Message from Bishop Shelton Fabre

I want to speak very lovingly and yet directly to those who are elderly, sick, experiencing symptoms of illness, or who are at high risk of illness. I want you to hear me clearly and I want you to take very seriously the dispensation from attending Mass. For those 60 and older, I ask you to take seriously health officials urgings to implement what is called "social distancing". I know that it is very hard for us in our culture to distance ourselves from others in this way, but it is important at this time that we do so to protect our own health and the health of others. As this is a very fluid situation, we will be updating this information and these guidelines as necessary and as directed by national, state, and local officials.

You can stay up to date with the latest information by regular visits to our diocesan website.
